

GROUP TEAM

Competition rules TREIBBALL European Cup 2022

These rules apply to group team competitions at international competitions Treibball European Cup 2022.

General principles

Unless otherwise stated in this document, the conditions of the TREIBBALL European Cup 2022 Competition Rules apply.

In the registration you will be asked if you are interested in participating in the group team competition.

Individual teams will compete in the FAST round and the SMART round.

The task of each team is to get the best possible result for their group team in both rounds.

The composition of the team

Number of teams in one group team: 2 – 4 teams (handler and dog)

The number of teams in the group team will be specified after the application deadline.

The group team will consist of at least 1 Level medium team and 1 Level high team.

Minimum composition of the group team

(the exact number of teams will be specified)

1st member = Level medium = team that started in the individual competition in the Level I or Level II category, Large or Small.

This team member competes according to the valid rules for the Level II category.

2nd member = Level high = team that started in the individual competition in the Level III or Level IV category, Large or Small.

This member can also be a team that started in a lower category.

This team member competes according to the valid rules for the Level III category.

Registration for the group team competition

Registration for the group team competition will be possible in person.

The group team can be composed of teams from different countries.

Overall evaluation criteria:

1. Each competing team completes the **FAST** round and the **SMART** round (according to the given category - see the composition of the group team).

2. Achieved times of individual teams (including penalties and bonuses) **are counted together** within the group teams.

3. In case of disqualification of a team member, it results in disqualification of the whole group team.

4. The order is determined by the total time achieved (including penalties and bonuses) of each team.

Category

Performance categories: The number of balls, the distance of the formations from the gate and the difficulty of the individual elements vary according to the performance and height category of the dog.

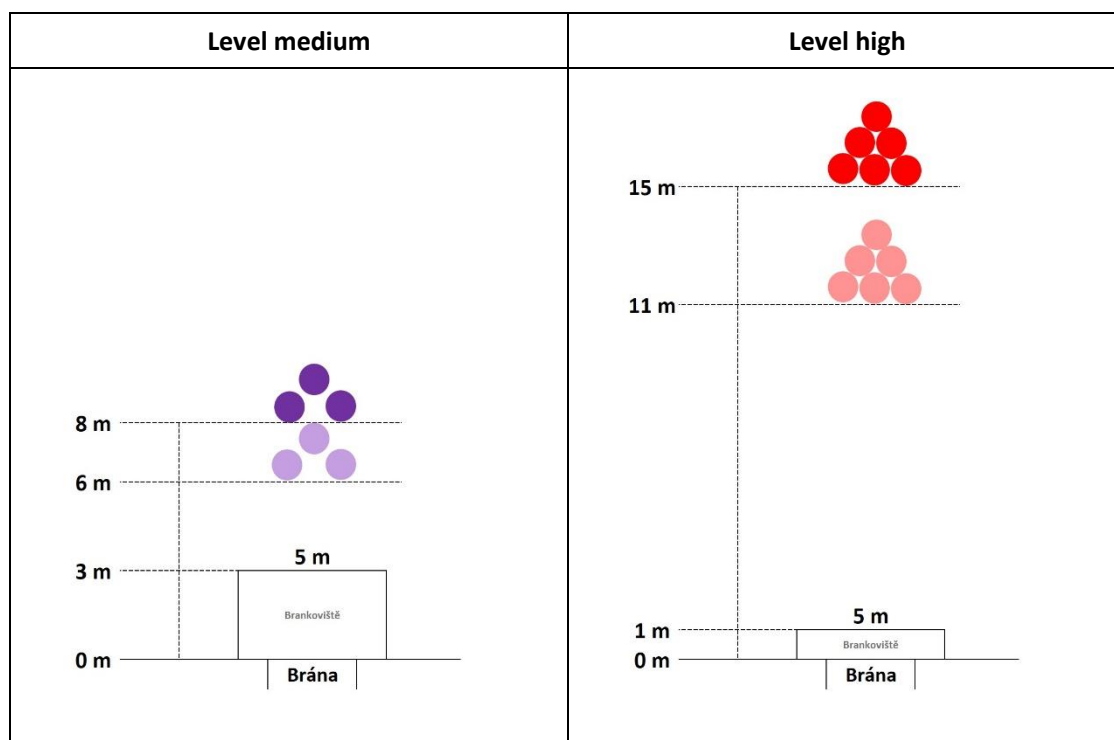

Altitude categories: Large - over 40 cm height at the withers of the dog
Small - up to 40 cm height at the withers of the dog

Group team competition		
<i>Performance categories</i>	<i>Altitude categories</i>	<i>They compete according to the rules FAST a SMART</i>
Level medium	Large + Small	Level II.
Level high	Large + Small	Level III.
